Summary

Full-Stack Software Engineer with master's in cyber security and 5+ years of experience building and deploying scalable web applications. Delivered over 6+ end-to-end projects improving system efficiency and user satisfaction by up to 30%. Skilled in clean architecture, RESTful API design, and cloud deployment (Azure/AWS). Strong collaborator with a passion for writing maintainable, high-quality code and continuously adopting modern technologies to solve complex business challenges.

Skills

Expert: C# • ASP.NET • Next.js • JavaScript • TypeScript • SQL • Git version control • HTML/CSS

Advanced: Java • Python • C++ • Object-Oriented design • React Native • AWS • Azure • Testing

Work Experience

Full-Stack Software Engineer

Feb 2024 – Present

Spinnel • Full-time

Ramallah, Palestine

Technologies: ASP.NET • Next.js • SQL • Git • Azure

- Engineered and deployed enterprise-grade ERP modules using ASP.NET Web API and VB.NET Windows Forms, enhancing system efficiency and user experience across departments.
- Optimized complex SQL Server queries and stored procedures, reducing database response times and ensuring consistent data accuracy across modules.
- Collaborated with cross-functional teams to analyze requirements and deliver tailored ERP solutions that streamlined client operations.
- Resolved critical software defects and improved stability, leading to a measurable increase in system reliability and client satisfaction.

Full-Stack Software Engineer

Sep 2021 – Feb 2024 • 2 yrs 5 mos

Ultimifit Advanced Turnkey Solutions • Full-time

Rawabi, Palestine

Technologies: ASP.NET • HTML/CSS • SQL • JavaScript • AWS

- Developed and deployed 2+ high-performance client-facing web applications using ASP.NET Web API, HTML5, CSS3, and JavaScript, consistently meeting project deadlines and budgets.
- Engineered and optimized SQL Server databases and queries, enhancing application performance and ensuring seamless data integrity across systems.
- Translated complex UI/UX designs from Figma into responsive, interactive interfaces, improving user engagement and usability.
- Collaborated closely with designers and product managers via Figma and GitHub, reducing development cycle time by 25% and ensuring alignment with project goals.
- Contributed to agile workflows through sprint reviews, planning, and daily stand-ups, driving efficient project delivery and continuous improvement.

Intern Full-Stack Web Developer

Apr 2021 – Aug 2021 • 4 mos

AXSOS Academy • Internship

Ramallah, Palestine

Technologies: **HTML/CSS • Django • Java • MERN Stack • SQL**

- Completed an intensive 4-month full-stack development bootcamp focused on problem-solving, algorithms, and web fundamentals, demonstrating rapid learning and adaptability.
- Developed and deployed multiple full-stack web applications using Flask, Django (Python), Spring Boot (Java), and MERN (MongoDB, Express, React, Node.js).
- Strengthened expertise in MVC architecture, RESTful API design, and frontend-backend integration, resulting in clean, scalable project implementations.
- Led and collaborated with peers during coding projects and assessments, earning recognition for team leadership and consistent performance.
- Delivered successful final projects across stacks, showcasing proficiency in end-to-end development and real-world application design.

Intern Full-Stack Web Developer

Oct 2020 – Feb 2021 • 4 mos

Ministry of Education • Internship

Ramallah, Palestine

Technologies: **SQL • ASP.NET • HTML/CSS • Network • Git**

- Developed and maintained internal web applications using ASP.NET MVC, contributing to improved internal workflows and process automation.
- Built and styled responsive, user-friendly interfaces that enhanced usability across multiple devices.
- Assisted senior developers in debugging, testing, and deployment, ensuring stable and efficient software releases.
- Applied foundational knowledge of MVC architecture, Entity Framework, and RESTful API development, strengthening full-stack development skills through practical experience.

Projects

-
- Developed multiple full-stack web applications using React, ASP.NET, and Django
 - Implemented authentication, API integrations, and responsive UI designs.
